

## 10x1000 Tech for Inclusion

## Apply Now for the FinTech Foundation Online Program!

### What is 10x1000?

10x1000 Tech for Inclusion is an open fintech training platform that enables learners to become drivers of digital economic growth. Our mission is to train 1,000 emerging talents and tech leaders each year for the next ten years. 10x1000 is a philanthropic initiative that was launched by the International Finance Corporation and Alipay in 2018.

We offer customized trainings for three types of participants:

#### Practitioner

Frontline tech staff/Mid-level management

#### FinTech Foundation Program

Best practices and foundational knowledge in tech, product & more

#### Leader

Executive level leaders

#### FinTech Leadership Program

Thought leadership and insights for decision-makers of the digital economy

#### Public Sector

Policymakers, International organizations, NGOs

#### Digital Inclusion Program

Industry and tech trends to help public sector experts drive inclusion

All participants who successfully complete the program will receive a personalized certificate of completion.

## Continue Learning

You'll also automatically qualify for access to future webinars from leading experts in finance, technology and thought leadership, as well as new learning opportunities with 10x1000.

# What do past participants say?

**Eddy Wong**

CEO of VSure.life, Malaysia

Biggest takeaway of the whole program is meeting and hearing insights & stories from 10x1000 lecturers, getting to know the 23 SEA Founders/CEOs, building up the networks and collaborative opportunities, and supporting each other to making more successes in SEA!

**Elvina Nur Anita**

Head of Subdivision for Cooperation ICT Research and HRD Agency  
Ministry of Communication and Informatics, Indonesia

The workshop is well-designed, with good, relevant, and up-to-date materials. It's nice to learn first-hand from that close circle on how products are designed and the vision behind each product. The workshop is not only enlightening but also inspiring and thought-provoking.

\*Feedback from 10x1000 on-site workshop participants
